## GOVERNMENT OF THE VIRGIN ISLANDS OFFICE OF THE AUDITOR GENERAL

P.O. Box 174, Road Town, Tortola, Virgin Islands Telephone: (284) 468-4144, Facsimile: (284) 468-4148

Honourable Ralph T. O'Neal Premier and Minister of Finance Ministry of Finance Road Town, Tortola Virgin Islands

15 October 2010

Sir,

I forward herewith, my Report on the Accounts of the Government of the Virgin Islands for the year ended 31 December 2008, in accordance with the provisions of Section 109(3) of the Virgin Islands (Constitution) Order 2007.

Sincerely,

Sonia M. Webster Auditor General

## GOVERNMENT OF THE VIRGIN ISLANDS STATEMENT OF ASSETS AND LIABILITIES AND ABSTRACT STATEMENT - 2008

#### **AUDIT CERTIFICATE**

I have examined the Statement of Assets and Liabilities of the Government of the Virgin Islands as at 31 December 2008 and the Annual Abstract Statement for the year then ended, together with the relevant subsidiary Statements, in accordance with the provisions of Section 109(2) of the Virgin Islands (Constitution) Order 2007 and Section 11 of the Audit Act 2003.

My examination was conducted in accordance with generally accepted auditing standards, that relate to public accounts and included tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Except as otherwise stated in my Report on the audit of the Statements of Account for the year ended 31 December 2008, and subject to the comments, exceptions and reservations contained therein, in my opinion the Statements of Account present fairly the financial operations of the Government of the Virgin Islands for the year then ended.

Sonia M. Webster Auditor General

15 October 2010

## **AUDIT MANDATE**

- 1. The audit of the accounts of the Government of the Virgin Islands for the year ended 31 December 2008 was carried out in accordance with the provisions of Section 66 of the Virgin Islands (Constitution) Order 1976 and the Audit Act 2003, hereinafter referred to as the Act. The Act prescribes, inter alia, for the appointment, tenure of office, powers and duties of the Auditor General, for the submission of annual statements by the Accountant General, and for examination and audit of those statements.
- 2. The Statutory duties of the Auditor General, as contained in section 11, subsections (1) and section 14 of the Act, are as follows:
  - 11. (1) The Auditor General, acting in accordance with section 109 of the Constitution, shall undertake an audit of the accounts of the House of Assembly and all Government departments and offices, including the Public Service Commission, for each financial year.
  - 14. In performing his duties under this Act, the Auditor General shall, in particular, satisfy himself
    - a. that funds have been used for purposes approved by law and for no other purposes;
    - b. that each payment and receipt was made or received in accordance with the law;
    - c. that adequate instructions have been given to ensure
      - (i) that money is collected, paid and accounted for in accordance with the law, and
      - (ii) that property is received, held, issued, sold, transferred, destroyed, and accounted for in accordance with the law,

and that those instructions are being complied with; and

- d. that adequate records are being kept
  - (i) of the collection and payment of money; and
  - (ii) of the receipt, custody, issue, sale, transfer or destruction of property.

## SUBMISSION AND TRANSMISSION OF ACCOUNTS

- 3. The complete accounts and related schedules for 2008 were received for audit on 11 May 2009. The final revised copies were received on 23 March 2010. They comprised of a Statement of Recurrent Expenditure, Statement of Development Expenditure, Statement of Recurrent Revenue, Statement of Development Revenue, Statement of Current Accounts, Statement of Advances, Statement of Public Debt, Statement of Funds, Statement of Deposits, Abstract Statement and Statement of Assets and Liabilities.
- 4. Section 11 of the Act prescribes, that the Auditor General shall cause the accounts to be examined and audited and shall, prepare and transmit to the Minister a report upon his examination and audit of all accounts relating to public moneys, stamps, securities, stores and other Government property, together with a copy of the Statement of Assets and Liabilities and the Annual Abstract Statement duly certified by him.

## FINANCIAL INSTRUCTIONS

5. The necessary directions and instructions for the management of the financial and accounting activities of the government as stipulated in Section 14 (c) of the Act are provided by The Public Finance Management Regulations 2005 and any amendments thereto. It is supplemented by policy directives and circulars issued throughout the year by the Ministry of Finance.

## SIGNIFICANT ACCOUNTING POLICIES

6. The accountings policies of the Government of the Virgin Islands are based on concepts embodied in the Audit Act 2003 and Public Finance Management Act 2004 and are applied on a basis consistent with government accounting procedures.

## **Cash Basis of Accounting**

7. The financial statements and supporting schedules are prepared on the cash basis of accounting. Revenue is recorded when received in cash and expenses are recorded in the period payments are made.

## Currency

8. Amounts in respect of currency in this Report are expressed in United States dollars, except where stated otherwise. Foreign currency amounts are valued at the year end exchange rates applied by the Government which are provided by the Ministry of Finance. Discrepancies of \$1 may appear in the Report because of the rounding of figures.

## STATEMENT OF ASSETS AND LIABILITIES

## **Assets and Liabilities**

- 9. Assets are made up of the Government's cash holdings and amounts receivable. Fixed assets owned by the Government such as land, roads, buildings, vehicles and equipment are not included in the Statement of Assets and Liabilities. Liabilities comprise Government's financial obligations to other governments and agencies.
- 10. The Statement submitted by the Accountant General is rearranged on page 3, in a straight-line configuration for comparative purposes. The public debt is not included in the Statement of Assets and Liabilities. Comments on the public debt are on page 29of this report.

## **CONSOLIDATED FUND**

- 11. The Consolidated Fund supports the operating activity of the Government. Revenue received from various sources is paid into this fund and expenditure for recurrent activity drawn from there.
- 12. During the year the Consolidated Fund received revenue of \$278,580,199 and incurred expenditure of \$248,352,177. In addition, transfers totalling \$39,742,879 were made from the Consolidated Fund to other Government Funds. The net result at year's end was a deficit of (\$9,514,857). A summary of the Consolidated Fund's activity for 2008 is shown below.

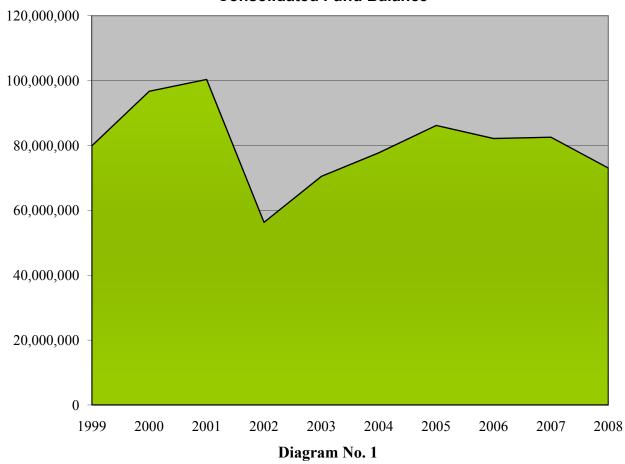

|                                     | 2008          | 2007          |
|-------------------------------------|---------------|---------------|
| Recurrent Activity                  | \$            | \$            |
| Recurrent Revenue                   | 278,580,199   | 275,672,169   |
| Less: Recurrent Expenditure         | (248,352,177) | (243,261,534) |
| Operating Surplus                   | 30,228,022    | 32,410,635    |
| <b>Contributions to Other Funds</b> |               |               |
| Development Fund                    | (35,342,879)  | (26,603,100)  |
| Emergency/Disaster Fund             | (1,000,000)   | (1,000,000)   |
| Pension Fund                        | (2,200,000)   | (2,500,000)   |
| Reserve Fund                        | (1,000,000)   | (1,500,000)   |
| Repairs and Renewals Fund           | (200,000)     | (400,000)     |
| Total Fund Contributions            | (39,742,879)  | (32,003,100)  |
| Consolidated Fund Surplus (Deficit) | (9,514,857)   | 407,535       |
| Consolidated Fund Balance           |               |               |
| Balance at 1 January                | 82,547,020    | 82,139,484    |
| Surplus (Deficit) for the year      | (9,514,857)   | 407,536       |
| Balance at 31 December              | 73,032,163    | 82,547,020    |

13. During 2008 the Consolidated Fund was unable to support all of its financing obligations approved through the House of Assembly. The authorised provision for transfer to the Development Fund was \$42,958,500. As noted above, only \$35,342,879 was actually transferred. This created a shortfall of \$2,674,979 in the Development Fund revenue. Similarly, the provision of \$500,000 authorised for transfer to the Contingencies Fund in 2008 was not executed.

14. Fluctuations of the Consolidated Fund balance over the past ten years are reflected below.

|      | Surplus/     | Consolidated        |
|------|--------------|---------------------|
| Year | (Deficit)    | <b>Fund Balance</b> |
|      | \$           | \$                  |
| 1999 | 14,890,631   | 79,895,940          |
| 2000 | 16,807,512   | 96,703,452          |
| 2001 | 3,643,609    | 100,347,061         |
| 2002 | (44,047,421) | 56,299,640          |
| 2003 | 14,178,365   | 70,478,005          |
| 2004 | 7,264,185    | 77,742,190          |
| 2005 | 8,423,937    | 86,166,127          |
| 2006 | (4,026,643)  | 82,139,484          |
| 2007 | 407,535      | 82,547,020          |
| 2008 | (9,514,857)  | 73,032,163          |
|      |              |                     |

## **Consolidated Fund Balance**

## RECURRENT REVENUE

- 15. The revenue records were examined to assess the completeness and accuracy of reported collections. All of the Government's major revenue collection offices and several of the smaller ones now use the electronic online receipting system that is linked to the Treasury Department. This system allows the Accountant General to keep abreast of the revenue collection and reporting activity throughout the service. As in previous years, the major complaint with respect to revenue collections had to do with posting delays and tardiness in reporting revenue.
- 16. In addition, despite the contractual arrangements in place to ensure that collections are regularly transported to the bank, cash security is still an ongoing issue. Lapses in this area have resulted in losses of Government revenue in 2008.
- 17. Recurrent revenue for 2008 was budgeted at \$284,605,000. Actual collections totalled \$278,580,199, which fell short of the budgeted amount by \$6,024,801 or 2.12%.
- 18. This shortfall of \$6,024,801 is a net amount comprising of variances as shown in the table that follows.

| Revenue Head        | Budgeted 2008 | Actual<br>2008<br>\$ | Excess (Shortfall) \$ | Actual 2007 \$ |
|---------------------|---------------|----------------------|-----------------------|----------------|
| Import Duties       | 33,950,000    | 32,959,268           | (990,732)             | 32,115,692     |
| Taxes               | 48,895,000    | 43,713,430           | (5,181,570)           | 41,302,359     |
| Licences            | 10,102,000    | 9,690,615            | (411,385)             | 9,481,203      |
| Fines & Forfeitures | 775,000       | 732,211              | (42,789)              | 662,455        |
| Fees                | 17,349,000    | 18,047,871           | 698,871               | 21,302,123     |
| Sales               | 7,652,000     | 6,265,459            | (1,386,541)           | 6,553,089      |
| Rental              | 417,000       | 475,614              | 58,614                | 709,459        |
| Royalties           | 1,625,000     | 72,121               | (1,552,879)           | 893,277        |
| Investment Income   | 240,000       | 699,381              | 459,381               | 383,637        |
| Financial Services  | 163,000,000   | 164,896,132          | 1,896,132             | 159,587,993    |
| Other Govt. Revenue | 600,000       | 1,028,097            | 428,097               | 2,680,882      |
| Total               | 284,605,000   | 278,580,199          | (6,024,801)           | 275,672,169    |

19. The two diagrams show the apportionment of revenue collected in 2008 and 2007 by Financial Services, Inland Revenue, Customs and a combination of the remaining departments.

## Revenue 2008

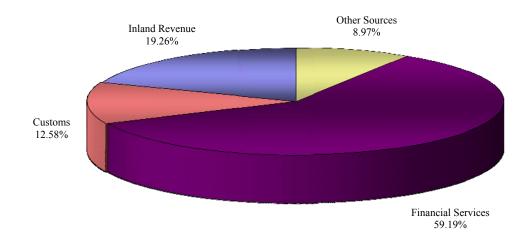

Diagram No.2

## Revenue 2007

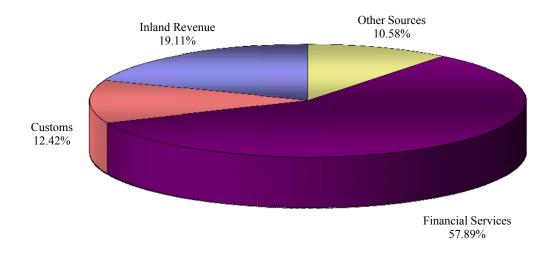

Diagram No. 3

- 20. A number of areas suffered under collection of revenue in 2008. Despite this, the total revenue collection in 2008 exceeded the collections of 2007 by \$2,908,030. This was however insufficient to satisfy the projected revenue for 2008.
- 21. The Financial Service Commission collects revenue on behalf of the Government which is paid into a joint trust account and transferred to the Government's Consolidated Fund quarterly. During 2008 an amount of \$164,896,132 was transferred into the Consolidated Fund from the said trust account. This represented 59.19% of the Government's overall intake.
- 22. Both Inland Revenue and Customs showed modest increases in their overall collections during 2008 but failed to reach their revenue targets set by the budget estimates.
- 23. The collection trends of the three major revenue sources (Financial Services, Inland Revenue and Customs) from 1999-2008 are illustrated in the chart below and in the table that follows.

## **Revenue Collections 1999-2008**

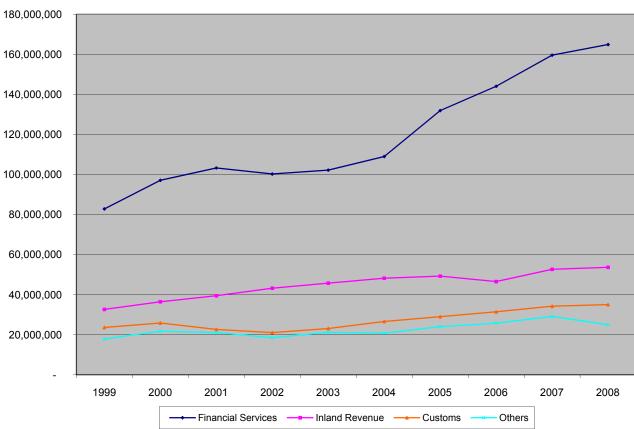

Diagram No. 4

24. The revenue comparison table below shows collections for 2008 and 2007 and the variance.

## **COMPARATIVE REVENUE SUMMARY**

|                                   | 2000           | 2007           | \$<br>Inanaga          | %<br>In anagas         |
|-----------------------------------|----------------|----------------|------------------------|------------------------|
| Sources of Revenue                | 2008<br>Actual | 2007<br>Actual | Increase<br>(Decrease) | Increase<br>(Decrease) |
| Import Duty                       | 32,959,268     | 32,115,692     | 843,576                | 2.63%                  |
| Property Taxes                    | 2,408,372      | 2,141,762      | 266,610                | 12.45%                 |
| Corporate & Personal Income Taxes |                | 2,211,576      | (896,887)              | (40.55%)               |
| Payroll Taxes                     | 35,489,268     | 32,106,500     | 3,382,768              | 10.54%                 |
| Passenger Taxes                   | -              | 320,036        | (320,036)              | (100.00%)              |
| Hotel Accommodation Taxes         | 4,140,051      | 4,137,309      | 2,742                  | 0.07%                  |
| Other Taxes                       | 361,050        | 385,176        | (24,126)               | (6.26%                 |
| Drivers and Vehicles Licenses     | 1,639,997      | 1,588,676      | 51,321                 | 3.23%                  |
| Work Permits                      | 5,066,320      | 4,800,420      | 265,900                | 5.54%                  |
| Cruising Permits                  | 1,393,797      | 1,406,478      | (12,681)               | (0.90%)                |
| Other Licenses and Permits        | 613,159        | 586,954        | 26,205                 | 4.46%                  |
| Judiciary Fines & Forfeitures     | 578,387        | 462,182        | 116,205                | 25.14%                 |
| Trade Licenses                    | 526,706        | 486,905        | 39,801                 | 8.17%                  |
| Customs & Immigration Services    | 525,071        | 535,023        | (9,952)                | (1.86%                 |
| Medical and Dental                | _              | 1,160,508      | (1,160,508)            | (100.00%)              |
| Water and Sewerage                | 5,199,933      | 5,548,078      | (348,145)              | (6.28%)                |
| Postal Stamp Sales                | 3,780,045      | 3,946,759      | (166,714)              | (4.22%)                |
| Other Postal Revenue              | 330,882        | 442,973        | (112,091)              | (25.30%)               |
| Sale of Land                      | 170,866        | 153,822        | 17,044                 | 11.08%                 |
| Rent of Government Property       | 355,514        | 591,590        | (236,076)              | (39.91%)               |
| Telecommunication Royalties       | 23,703         | 893,174        | (869,471)              | (97.35%)               |
| Interest on Investment            | 699,381        | 383,637        | 315,744                | 82.30%                 |
| Mooring and Berthing Fees         | 134,094        | 171,139        | (37,045)               | (21.65%)               |
| Nationality Fees                  | 765,372        | 778,457        | (13,085)               | (1.68%)                |
| Stamp Duty                        | 10,038,712     | 11,789,768     | (1,751,056)            | (14.85%)               |
| Sale of Forms & Publications      | 493,990        | 445,637        | 48,353                 | 10.85%                 |
| Sea Food                          | 1,062,284      | 1,212,775      | (150,491)              | (12.41%)               |
| Produce and Livestock             | 125,832        | 161,243        | (35,411)               | (21.96%)               |
| Shipping Registry Fees            | 450,736        | 611,770        | (161,034)              | (26.32%)               |
| Statutory Corporation             | -              | 2,036,302      | (2,036,302)            | (100.00%)              |
| Financial Services Commission     | 164,896,132    | 159,587,993    | 5,308,139              | 3.33%                  |
| Miscellaneous Fees & Charges      | 3,036,588      | 2,471,855      | 564,733                | 22.85%                 |
| Total                             | 278,580,199    | 275,672,169    | 2,908,030              |                        |

25. Collection of Passenger Taxes and Medical/Dental revenue were reduced to nil in 2008 because the relevant statutory authorities/boards (Port Authority and Health Services Authority) had assumed collection of these. In addition, there were no recorded collections under "Statutory Corporation" in 2008. The amount of \$2,036,302 shown in 2007 for this revenue head was collected as a result of an investigation carried out by the Financial Investigations Unit.

## ARREARS OF REVENUE

- 26. Public Finance Management Regulations, 2005 No. 43 reads, in part, as follows:
  - (1) An Accounting Officer who is responsible for the collection of revenue shall submit to the Accountant General
    - (a) an annual return of arrears of revenue; and
    - (b) a monthly report of arrears of revenue recovered.
  - (2) A return and report shall
    - (a) be in the approved form
    - (b) reach the Accountant General not later than one month after the end of the relevant period; and
    - (c) be submitted whether or not any arrears have accrued or any recovery has been made, as the case may be.
- 27. This requirement is widely disregarded in the Public Service.

## RECURRENT EXPENDITURE AND FUNDS CONTRIBUTIONS BUDGET

28. The 2008 budget provided \$247,037,100 for recurrent expenditure and \$37,567,900 for funds contributions. These provisions were increased by a supplementary appropriation warrant totalling \$27,778,700 which brought the total authorised amount to \$312,383,700 as shown below.

## **Expenditure Budgeted for the Consolidated Fund**

|   | Recurrent   | Funds      | Total       |
|---|-------------|------------|-------------|
| Authority For Expenditure                 | \$          | \$         | \$          |
| Appropriation Act 2008                    | 247,037,100 | 37,567,900 | 284,605,000 |
| Supplementary Appropriation No. 1/2008    | 17,488,100  | 10,290,600 | 27,778,700  |
| Total provision for Recurrent Expenditure | 264,525,200 | 47,858,500 | 312,383,700 |

<sup>\*</sup> Amount varies slightly in the Treasury Statements of Accounts due to rounding discrepancies.

29. The provisions above do not include funding from other sources such as loans and grants. Of the \$47,858,500 slated for funds contributions, only \$39,742,879 was actually transferred. During the year there have been a number of discrepancies noted between the actual budget passed by the House of Assembly and the amounts posted to the Treasury records as available funding. These postings were made by the Ministry of Finance and no explanation was provided on why the approved amounts were not applied.

## **Reallocation (Virements)**

- 30. Reallocation warrants allow departments and ministries to transfer funds from a subhead with savings to another which has insufficient funds in order to allow the latter to meet authorised expenditure. The rules and restrictions governing the application and approval of reallocation warrants are outlined each year in the annual Budget Estimates.
- 31. During the year under review two hundred and forty-three (243) reallocation warrants were approved for transfer of \$6,664,117. The Department which had reallocations in excess of \$100,000 are shown in the schedule that follows.

| MINISTRY /DEPARTMENT/HEAD           | \$        |
|-------------------------------------|-----------|
| Recurrent Expenditure               |           |
| Deputy Governor's Office            | 103,500   |
| Supreme Court                       | 565,900   |
| Police                              | 318,150   |
| Premier's Office                    | 299,200   |
| Ministry of Finance                 | 145,900   |
| Post Office                         | 157,130   |
| Conservation and Fisheries          | 143,475   |
| Ministry of Education and Culture   | 394,252   |
| Ministry of Communication and Works | 510,333   |
| Public Works                        | 177,786   |
| House of Assembly                   | 154,000   |
| Public Debt                         | 1,885,310 |

- 32. Three heads showed transfers in excess of half a million dollars. These were the Supreme Court, the Ministry of Communions and Works and Public Debt.
- 33. Reallocations in the Ministry of Communications and Works totalled \$510,333. Much of this came from the subhead established for the Telecommunications Regulatory Commission (\$374,435.35) and was applied to supplement the Ministry's budgets for Overseas Travel \$122,000, Consultancy \$117,000 and Entertainment \$60,937.05 along with other operational subheads.
- 34. The Supreme Court reallocated a total of \$565,900, most of which, \$538,400, was transferred from the provision for the new Commercial Court and allocated to cover various operating expenses.
- 35. An amount of \$1,885,000 was reallocated from in the Public Debt. A substantial part of this \$1,259,000 went to support the payments on the New Peebles Hospital loan.
- 36. Section 24(2) of the Public Finance Management Act, 2004 requires the Minister to table reallocation warrants before the House of Assembly within six months after the end of the year to which they relate. There is no evidence that this was done in respect of the 2008 reallocations.

## RECURRENT EXPENDITURE APPLICATION

- 37. During the year the Government spent a total of \$248,352,177 on operating expenses and contributed \$39,742,879 to other Government funds. The audit of recurrent expenditure was performed through examination of the Treasury's computerised accounting system, departmental expenditure records, payment vouchers, invoices, contracts and statements.
- 38. The chart below shows that 35.79% of the monies paid out from the Consolidated Fund was applied to personal emoluments and related staff costs. This amount includes the payment of pensions and gratuities. General Operating costs, which comprise expenditure for the day to day functioning of the government service such as public utilities, rent, stationery and other related expenditures accounted for 29.13%. Contributions to Statutory Boards totalled 18.65%. Costs incurred for Hospital and Community Health Services are included in the "Statutory Boards" allocation as part of the Government's contribution to the BVI Health Services Authority.

## **Recurrent Expenditure & Funds Contributions**

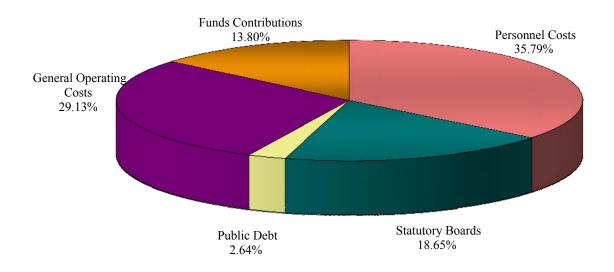

Diagram No. 5

39. Contributions to Statutory Boards included amounts as indicated in the schedule that follows. Each agency (with the exception of the Beautification Committee which is not a statutory entity) is required to produce financial statements for auditing which are tabled before the House of Assembly.

**Contributions to Statutory Boards and Authorities** 

| •                              | 2008       | 2007       |
|--------------------------------|------------|------------|
|                                | \$         | \$         |
| Tourist Board                  | 10,240,000 | 14,065,010 |
| HL Stoutt Community College    | 11,900,000 | 12,115,384 |
| HL Stoutt Memorial Fund        | 50,000     | 50,000     |
| Beautification Committee       | 18,775     | 12,387     |
| Prospect Reef                  | -          | 250,000    |
| National Parks Trust           | 450,000    | 450,000    |
| BVI Airport Authority          | 4,000,000  | 3,998,505  |
| Recreation Trust               | 983,509    | 505,000    |
| Financial Investigation Agency | 300,000    | 300,000    |
| BVI Health Services Authority  | 25,779,969 | 22,570,753 |
|                                | 53,722,253 | 54,317,039 |

## **Excess Expenditure**

40. In accordance with the provisions of Section 12(c) of the Public Finance Management Act, a supplementary estimate must be laid before the House of Assembly in respect of any excesses of the amounts appropriated for a particular purpose. Many of the departments incurred excess expenditure on individual subheads but stayed within their overall budgeted amount. The departments/heads listed below exceeded their approved allocation for 2008.

| Department/Head                  | Approved<br>Budget<br>\$ | Actual<br>Expenditure<br>\$ | Excess Expenditure \$ |
|----------------------------------|--------------------------|-----------------------------|-----------------------|
| Training Division                | 2,976,500                | 3,032,000                   | (55,500)              |
| Police                           | 14,189,900               | 14,550,056                  | (360,156)             |
| Audit                            | 1,001,300                | 1,046,375                   | (45,075)              |
| BVI International Finance Center | 3,223,800                | 3,361,586                   | (137,786)             |
| Information & Public Relations   | 1,126,400                | 1,138,214                   | (11,814)              |
| Customs                          | 4,678,800                | 4,822,091                   | (143,291)             |
| Treasury                         | 1,687,800                | 2,407,844                   | (720,044)             |
| Land Registry                    | 314,400                  | 323,982                     | (9,582)               |
| Grant to Statutory Board (MH&SD) | 24,800,000               | 25,779,969                  | (979,969)             |
| Water & Sewerage                 | 14,231,900               | 14,705,880                  | (473,980)             |
| Grant to Statutory Board (ME&C)  | 983,100                  | 983,509                     | (409)                 |

41. Excess expenditure shown for the Grant to Statutory Board (Ministry of Health and Social Development) in the amount of \$979,969.00 relates primarily to salaries and staff costs for the Hospital and Community Health services.

## **Under Expenditure**

- 42. A number of departments/ministries recorded significant under-expenditure in their budgets. These unused amounts are returned to the Consolidated Fund at year end and if the department wishes to pursue the project/expenditure, for which the funds were originally budgeted in a subsequent year the amounts will have to be re-budgeted.
- 43. A summary of recurrent expenditure by head is provided in Appendix A and a comparative schedule of expenditure for the years 2007 and 2008 in Appendix B. A summary of the supplementary appropriations are shown in Appendix C.

## **DEVELOPMENT FUND**

- 44. All capital projects undertaken by the Government are funded through its Development Fund. The Development Fund is established in accordance with Section 7 of the Public Finance Management Act 2004 for the purpose of providing the necessary capital for the economic and social development of the Territory. The Fund consists of:
  - (a) money appropriated to the Fund by a supply vote; and
  - (b) any money received by the Government by way of a grant or loan
    - (i) for a specific development scheme, project or programme; or
    - (ii) generally for the purpose of development.
- 45. Accounts relating to the Development Fund are embodied in the Statement of Development Revenue, Statement of Development Expenditure and Abstract Statement. The balance is disclosed on the Statement of Assets and Liabilities and the Schedule of Funds that are submitted for audit by the Accountant General.
- 46. The activity on the Development Fund for 2008 is summarized in the table that follows. The balances for Loans and Local Resources show a difference of \$2,013,812 when compared with the Treasury's amounts on the "Statement of Other Funds." This difference is the result of a posting error that occurred in 2003. The correct amounts are reflected in the totals below.

## **Summary of Development Fund Activity**

|                 | <b>Balance</b> 1/1/08 | Receipts   | <b>Payments</b> | Balance 31/12/08 |
|-----------------|-----------------------|------------|-----------------|------------------|
|                 | \$                    | \$         | \$              | \$               |
| Grants          | (1,790,135)           | 101,462    | 21,686          | (1,710,359)      |
| Loans           | (2,234,515)           | 18,021,200 | 19,272,719      | (3,486,034)      |
| Other           | 6,699,333             | 560,114    | -               | 7,259,447        |
| Local Resources | (40,011,301)          | 35,542,879 | 34,859,901      | (39,328,323)     |
| Total           | (37,336,618)          | 54,225,655 | 54,154,306      | (37,265,269)     |

## **DEVELOPMENT FUND REVENUE**

- 47. Revenue to the Development Fund is made up primarily of transfers from the Consolidated Fund, loans from commercial banks and lending agencies, grants and other miscellaneous sources.
- 48. The 2008 initial budget for the Development Fund provided for transfers of \$32,667,900 from the Consolidated Fund and \$1,000,000 from the Transportation Improvement Network Fund. Supplementary provisions passed during the year authorised further transfers of \$11,419,600 (net) from the Consolidated Fund. This brought the total provision to \$45,087,500.
- 49. The capital resources were to be applied as follows:

## DEVELOPMENT FUND REVENUE PROVISION

|                                  | Appropriation Act SAPs |            |   | Total<br>Provision |
|----------------------------------|------------------------|------------|---|--------------------|
|                                  | \$                     | \$         |   | \$                 |
| Deputy Governor's Office         | 1,068,500              | 130,500    |   | 1,199,000          |
| Premier's Office                 | 2,725,000              | (599,670)  |   | 2,125,330          |
| Ministry of Finance              | 1,950,000              | 500,000    |   | 2,450,000          |
| Min. Natural Resources & Labour  | 7,224,800              | 3,106,700  |   | 10,331,500         |
| Min. Education & Culture         | 2,348,300              | 700,100    |   | 3,048,400          |
| Min. Health & Social Development | 8,200,000              | 514,370    |   | 8,714,370          |
| Min. Communications & Works      | 9,826,300              | 6,778,300  |   | 16,604,600         |
| Miscellaneous (Ministry Finance) | 325,000                | 289,300    |   | 614,300            |
| Total                            | 33,667,900             | 11,419,600 | * | 45,087,500         |

<sup>\*</sup> Supplementary provisions funded by savings do not affect the total SAP amounts as these do not require injection of additional funds.

50. The actual amount received by the Development Fund in 2008 was \$54,225,655 as shown below.

## **DEVELOPMENT FUND REVENUE SOURCES**

| Source                   | Budgeted<br>Provision<br>\$ | Actual<br>Provision<br>\$ | Surplus<br>(Shortfall)<br>\$ |
|--------------------------|-----------------------------|---------------------------|------------------------------|

| Total                    | 33,667,900                  | 54,225,655                | 20,557,755                   |

## **Re-Voted Balances**

- 51. The preceding amounts do not include the brought forward (re-voted) balances, which are intended to reflect the unused funding provided in previous years for capital projects.
- 52. Re-voted balances are an important and integral part of the Development Fund budget. Funding provided for capital projects that is not used in the current year, is carried forward as a part of the subsequent year's budget until completion of the project. If at the end of a project there is an unused amount, this remains as a part of the Development Fund balance or is transferred to another capital project within the Fund. If however the project has been overspent, a supplementary provision is required to cover the excess amount expended. The amounts which are carried forward on active capital projects are referred to as the re-voted balances.
- 53. The brought forward balance on the Development Fund and the re-voted amounts in the budget should approximate to each other. However at the beginning of 2008 the Development Fund carried a deficit balance of (\$37,336,617) whereas the re-voted totals in the Development Fund Budget showed a surplus of \$39,980,012. This indicates that the funding that the Ministry of Finance envisages available for execution of projects in 2008 is short by some \$77,316,629. This disparity worsened by some 31.12% from \$58,950,492 at the beginning of 2007. The difference is a combination of partial transfers of revenue allocation from the Consolidated Fund and excess expenditure incurred on past projects for which no corrective supplementary provisions were made. As a result, resources which were intended for other projects were used to cover the excess expenditure on active capital assignments.
- 54. As mentioned in previous reports, there is an urgent need to review the status of the Development Fund so as to provide realistic balances to allow for proper management decisions. For the year under review, transfers to the Fund were again understated which will further worsen the disparity between the two balances.

## DEVELOPMENT FUND EXPENDITURE

## **Usage of Funds**

- 55. The actual expenditure from the Development Fund in 2008 was \$54,154,306. Of this, \$34,859,901 was funded locally, \$21,686 through aid and \$19,272,719 through loan funds.
- 56. A substantial amount of the development expenditure (41.06%) was incurred on projects under the Ministry of Health and Social Development. The projects under this ministry included constructing the New Hospital (\$18.48 million), Incinerator Plant (\$2.06 million), and Community Clinics (\$0.82 million).
- 57. The Ministry of Communications and Works capital spending accounted for 22.85% of the overall total. The major development projects under this ministry included work on roads and infrastructure (\$5.64 million), Civil Works Mitigation (\$3.18 million) and the Electrical Utility (\$1.55 million).

- 58. Projects under the Premier's Office saw a marked reduction and only made up 3.02% of total capital spending. This reduction was due to the majority of the projects being completed last year.
- 59. Capital spending for the Ministry of Natural Resources and Labour was 20.61% of the overall total for 2008. The primary focus appeared to be on Land acquisition (\$5.92 million) and the Purcell Ghut Training (\$3.77 million).
- 60. The other Ministries/Development Fund heads each accounted for less that 10% of capital spending in 2008. The major project under the Ministry of Finance was Post Office Infrastructure Development (\$1.17 million); for the Ministry of Education and Culture the expenditure was primarily on Schools Rehabilitation (\$1.16 million) and Recreational Facilities (\$0.96 million) while the Deputy Governor's Office focused on the Judicial Reform Project (\$0.58 million). Expenditure under the Miscellaneous category was primarily for DBVI/CDB Student Loan (\$.40 million) and Housing Development Project (\$0.40 million). A schedule detailing actual Development Fund expenditure for all ministries is in Appendix D of this report.

# DEVELOPMENT FUND EXPENDITURE BY HEAD

| Actual       |  |
|--------------|--|
| Expenditure  |  |
| \$           | %  |

## **Development Fund Expenditure By Head**

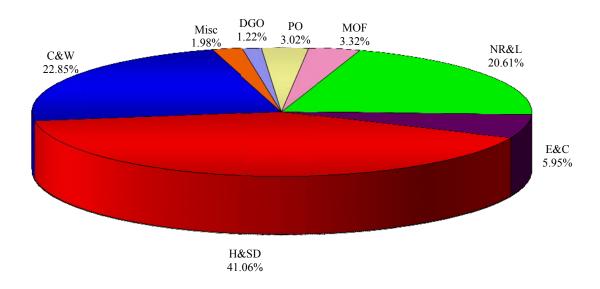

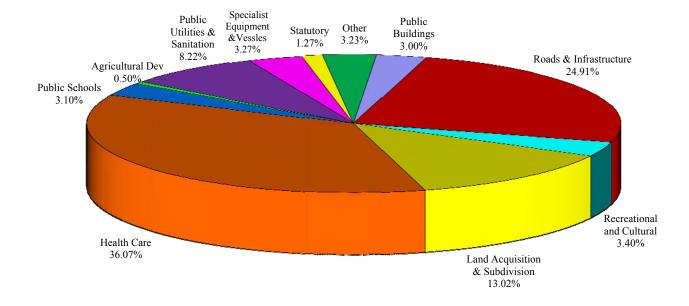

Diagram No. 9

61. The table and diagram below illustrate how capital funds were spent. Some of the categories are represented by expenditure from more than one ministry/head. Details of the expenditure are provided at Appendix D.

## DEVELOPMENT FUND APPLICATION OF EXPENDITURE

| Public Buildings                  | 1,622,209     | 3.00%  |
|-----------------------------------|---------------|--------|
| Roads & Infrastructure            | 13,487,588    | 24.91% |
| Recreational and Cultural         | 1,840,621     | 3.40%  |
| Land Acquisition & Subdivision    | 7,052,060     | 13.02% |
| Health Care (Includes New Hospita | 1) 19,534,404 | 36.07% |
| Public Schools                    | 1,680,802     | 3.10%  |
| Agricultural Dev                  | 273,336       | 0.50%  |
| Public Utilities & Solid Waste    | 4,453,140     | 8.22%  |
| Specialist Equipment & Vessels    | 1,773,324     | 3.27%  |
| Statutory                         | 686,472       | 1.27%  |
| Other                             | 1,750,350     | 3.23%  |
| <u>-</u>                          | 54,154,306    | _      |
|                                   |               | -      |

## **Usage of Development Funds**

## **Government Contracts**

- 62. Much of the activity from the Development Fund occurs through contracts. Major contracts are issued for Government projects valued in excess of \$100,000.00. Some undertakings such as the New Hospital Project and the Commercial Court Building because of size and complexity require several such contracts. Major contracts are required to be put to public tender in accordance with the provisions of the Public Finance Management Regulations. The regulations also make provisions whereby the tendering requirements to be waived by the Cabinet. Major contracts are public documents which are lodged at the registry and accessible by members of the public, albeit for a small fee.
- 63. The Government also engages petty contractors on a number of public projects and programmes. Petty contracts are issued for goods and services with an upper limit of \$100,000 and do not require competitive bids. In 2008 in excess of 560 petty contracts and agreements were executed by the Government for a total of \$21,459,231.00. Approximately half of this (\$10,564,219.00) was for petty contracts and agreements under the administration of the Public Works Department.
- 64. Of ongoing concern is the practice of splitting major contracts into smaller parts to facilitate issuing petty contracts. This was seen on projects involving road development, construction of retaining walls and ghut training in 2008. The rational which has been provided for contract splitting is to allow for work to be shared and promote development of skills among local contractors. The result is frequently work that is of inconsistent quality or engagement of individuals who are not sufficiently qualified or experienced to perform the contract.
- 65. In addition, contrary to the stated objective of sharing works, instances were seen where the same contractor was awarded two or more parts of the split contract, which together exceeded a major contract sum of \$100,000. The selection of contractors on a split contract is particularly susceptible to cronyism, nepotism, favoritism and has to a large extent become heavily politicized. This is all made easy by the fact that no formal competitive bidding is required and the works are now divided and costed in the budget by district. More needs to be done to regulate and monitor petty contracts if the Government is to achieve value for money on these agreements.

## **Petty Contract Usage**

- 66. The issue of using public funds to develop private property was first reported in the 1997 Audit Report. The Government has a policy whereby retaining walls and roads are constructed on private property either to compensate persons who give up land to accommodate expansion or improvement of public roads or to prevent erosion of soil onto public roads or the erosion of private property after the construction or widening of a public road.
- 67. During 2008 there were a number of petty contracts for building of private estate roads and retaining walls which did not qualify under the above criteria. This type of activity continues to be commonplace and a substantial amount of the Public Works Department's time and resources is consumed in performing assessments, costing, preparing petty contracts

and monitoring works carried out on private property. Cases have also been observed where individuals (or their companies) were given contracts to perform jobs on property in which they have an interest.

68. A schedule of contracts and agreements awarded by the different Ministries and Departments has been included at Appendix F of this Report.

## **Development Aid**

- 69. The territory's reliance on grant and aid funds for capital development has diminished greatly over the past twenty years due to its continued economic growth. Many of the balances which continue to appear in the financial statements under the "Development Aid" heading are dormant and should be written out of the accounts.
- 70. During 2008 an amount of \$101,462 was received from the Organisation of Eastern Caribbean States, Risk Reduction Programme for the purpose of improving drainage in an area prone to flooding. The total expenditure from Development Aid in 2008 was \$21,686 which was spent on the BVI Environmental CD Atlas from an already overextended provision. The balances on these accounts were as shown in the schedule below.

## SCHEDULE OF DEVELOPMENT AID BALANCES

| Agency                    | \$          |
|---------------------------|-------------|
| United Kingdom            | (626,707)   |
| Canada                    | 75,017      |
| European Development Fund | (20,861)    |
| US Aid                    | (337,908)   |
| OSAS Passages             | (25,472)    |
| OSAS Miscellaneous        | (3,049)     |
| Other Development Aid     | (771,403)   |
|                           | (1,710,383) |

71. Past audit reports have repeatedly commented on the above inactive balances which have been appearing in the statements for several years. With the exception of the Canadian Aid Fund all of the above accounts show negative balances indicating that the amounts spent were in excess of the funds received. These accounts are for the most part comprised of projects that have long been completed or discontinued. The balances for development aid accounts were transferred to the Development Fund in 2003 and are no longer reflected on the face of the Balance Sheet. The Financial Secretary should take steps to ensure that the inactive brought forward balances are written out of the accounts.

## Loan Fund

72. The Loan Fund relates to moneys, which are borrowed, from banks and other lending agencies to finance projects undertaken by the Government. During 2008 an amount of \$18,021,200 was received in the Loan Fund and a total of \$19,272,719 was spent. The expenditure consisted of \$18.03 million on the Hospital Project and \$1.24 million on Road Improvement and Infrastructure Development. This activity accounted for the change in the balance of the Fund from \$220,702 at the beginning of the year to \$1,472,221 at 31 December 2008. The activity of the Loan Fund is disclosed on page of the Treasury's Accounts on the Statement of Other Fund.

## **CASH & INVESTMENTS**

## **Operating Accounts**

- 73. The Cash figure of \$13,588,245 disclosed on the Statement of Assets and Liabilities represents the end of year balances on operating and money market accounts held in local banks and on the current portion of funds held by the Crown Agents in London. These balances were verified against confirmation statements submitted from the various banks used by the Accountant General. Many of the Treasury's reconciliation statements show adjustments which have been carried forward for several years. These amounts should be resolved and written off the reconciliations.
- 74. As in previous years, the 2008 Treasury accounts reflect continued problems with unreconciled transactions appearing on the bank statements. These were seen in deposit account 1-21080 Unallocated Credits, advance accounts 1-12254 Unallocated Debits and 1-12256 Unreconciled G/L Difference. These discrepancies were attributed, in part, to departments depositing revenue into the bank but failing to account the deposits to the Treasury and adjustments made by the bank to correct computation errors in deposits received.

## **Certificates of Deposit**

- 75. Section 25 of the Public Finance Management Act, 2004 provides that:
  - (1) The Financial Secretary may, with the approval of the Minister, invest money in the Consolidated Fund in an authorised investment.
  - (2) An investment made under subsection (1) and interest received from such an investment are part of the Consolidated Fund.
- 76. In accordance with this provision, funds were invested in Certificates of Deposit and savings accounts at four local commercial banks and the National Bank of the Virgin Islands Limited. These investments increased by 68.12% from \$33,176,759 at the end of 2007 to \$55,778,321 at 31 December 2008.
- 77. The statements reveal interest earnings on CD's and Money Market accounts of \$1,398,350 in 2008.

## Joint Consolidated Fund

- 78. The subsidiary schedules of the Accountant General reflect a total of \$1,644,106 being held by the Crown Agents in the United Kingdom on behalf of the Government of the Virgin Islands. The confirmation certificate received from the Crown Agents showed a current account balance of £233,866.78 and an amount of £900,000.00 held on fixed deposit for a total of £1,133,866.78. This amount equates to the balance in the Treasury records when converted to United States dollars at the official rate of U.S. \$1.45 to £1.00 sterling used by the Virgin Islands Government at 31 December 2008.
- 79. The Joint Consolidated Fund balance is not reflected on the face of the Balance Sheet. The current portion has been included in the Cash balance and the amount held on the fixed deposit is now reflected in the balance for Investment.

## **ADVANCES**

- 80. Advances are made in accordance with Section 31A of the Public Finance Management (Amendment) Act 2006 which provides that the Minister may authorise advances from the Consolidated Fund or other public moneys:
  - (a) on behalf of, and recoverable from other Governments, administrations and statutory bodies;
  - (b) to public officers for such purposes and on such terms and conditions as may be prescribed in the General Orders;
  - (c) to meet expenditure in anticipation of receipt of an instalment of a grant or loan for specific purpose, whether to the Government or to a statutory body, from a source other than the Government, where the grant or loan has been approved by the source providing it;
  - (d) in accordance with a specific agreement, to an agent appointed by the Government to perform a function on its behalf; or
  - (e) for such purposes and on such terms and conditions as the Minister, with the approval of the Legislative Council, may determine.

## **Public Officers Advances**

- 81. Advances to public officers usually take the form of loans to public servants issued for medical purposes, special circumstances or to purchase a vehicle. These are repaid through automatic salary deductions executed at the Treasury Department. During the year the total outstanding advances to public officers decreased from \$1,614,699 to \$1,583,420.
- 82. The Ministry of Finance also approves short term advances in the form of imprests to facilitate public officers and elected representatives travelling abroad on official business. In 2008 five hundred and forty seven (547) travel imprests totalling in excess of \$1.27 million were issued. At the time of writing several of these had not been cleared.

#### Other Advances

- 83. Other (miscellaneous) advances are issued in accordance with section 31A(1) subsections (a), (c), (d) and (e) of the Public Finance Management Act 2004 as amended. These advances are accompanied with instructions on how they are to be retired (usually through the next supplementary appropriation, against the subsequent year's budget or upon receipt of loan funds). During the year, ten such advance warrants were issued totalling \$10,805,276. Of this amount \$9,800,635 was issued to the Ministry of Health and Social Development, on five advances, in anticipation of receiving loan funds for the Hospital Project. None of the advances issued for the Hospital project were cleared during the year. This contributed in the dramatic increase seen in this account from \$4,919,217 in 2007 to 13,890,818 at year end.
- 84. The Other Advances account also accommodates transactions arising from various operational anomalies. The more substantial of these include Returned "bounced" Cheques that were received from members of the general public of \$1,116,344; unreconciled amounts in the General Ledger of \$868,671.09; and unallocated amounts on the bank statements of \$286,936.23.

- 85. In many cases, advances which are not cleared in the year in which they are issued are allowed to age in the accounts and are simply carried forward from one year to the next. These have the effect of inflating the balances and depriving the Government of the flexibility and ready availability of funding that advances are intended to afford. The advances accounts include balances which have been unchanged for a number of years. These should be investigated and appropriate action taken to have them retired.
- 86. The Statement of Other Advances discloses two entries from the Development Fund, accounts 2-12610 Project Advance and 2-12620 Material Advance of \$228,981, and \$242,601 respectively. These relate to the mobilization fees paid to contractors engaged on the H Lavity Stoutt Community College Marine Centre and should be removed from the Statement of Advances. Recording these transactions as advances is not consistent with prior years practice and is contrary to cash basis of accounting adopted by the Government.

## **Statutory Limitation on Advances**

- 87. The Public Finance Management (Amendment) Act, 2006 provides that the total net advances outstanding should not exceed at any one time 1.5 % of the total amount appropriated in respect of that financial year. Application of this requirement dictates a limit of \$4,685,756 in 2008. This amount is computed on the total authorized appropriations for recurrent expenditure and fund contributions of \$312,383,700.
- 88. At 31 December 2008 outstanding advances totalled \$15,474,238 exceeding the statutory limitation by \$10,788,482. Previously, the Finance (Amendment) Act, 2001 required the Minister to prepare and lay before the House of Assembly a statement of the excess disbursement, no later than four months after the monies were disbursed. The Public Finance Management (Amendment) Act, 2006 does not, however, provide any similar guidelines for reporting and regularising excess advances.

## **Current Accounts**

89. The balance shown against Current Accounts of \$283,574 represents the difference between \$326,966 due from, and \$43,392 owing to, other Governments and Administrations at the end of 2008. The items which comprise this balance are made up, almost exclusively, of pension allocations due for retired civil servants with service in the Virgin Islands as well as other territories. Also included in this account are balances for the Foreign and Commonwealth Office (FCO), the Overseas Development Administration (ODA) and the British Development Division.

## **Postmaster Deposits**

90. The amount of \$220,712 shown in the Statement of Assets and Liabilities against this item is a net balance due to other territories, primarily on money order transactions. As in previous years, we were unable to confirm the amount in the statement as the records which relate to these accounts are not being regularly reconciled by the Post Office. The Postmaster should take steps to ensure that regular reconciliations are performed with the Treasury.

## **Other/Miscellaneous Deposits**

- 91. Section 34(1) of the Public Management Finance Act, 2004 defines a "Deposit" as any moneys, not being raised or received for the purpose of the Government, which has been deposited with the Accountant General or with any other public officer authorised by the Accountant General. This Act further provides that "Deposits" shall not form a part of the Consolidated Fund and shall not be applied for a purpose of Government. Interest derived from investment of funds in the Deposit Account can, however, be paid into the Consolidated Fund and applied for Government purposes.
- 92. The Other/Miscellaneous Deposit account accommodates deposits collected by the Customs Department to secure Import Duty; Immigration Department for immigrant workers bonds; Magistrate's Court for child maintenance; Public Works Department for tender submissions and others. These all constitute legitimate deposits as the monies are not collected for use by the Government but are usually returned to the payer or passed on to a third party. There are however, several items in the Deposit Fund that do not qualify under the above provision. Many of these are accounts created with unspent balances which were transferred from the Consolidated Fund to deposit accounts so that the funds continue to be available for spending in subsequent years. This practice is contrary to the provisions of the above section and to the Government's policy of cash basis accounting.
- 93. The former legislation provided for any deposits which remained unclaimed for a period of six years or more to be paid into the Consolidated Fund to be applied for purposes of the Government. The new legislation (Public Finance Management Act) makes no provision for dealing with inactive/abandoned deposits. An amendment is required either to the Public Finance Management Act or subsidiary legislation detailing how unclaimed deposits are to be dealt with. At 31 December 2008, the Other Deposit account carried a balance of \$29,087,641 reflecting a significant increase over last year's balance \$4,643,001. This increase was due primarily to the inclusion of the IPOC Investigations funds which contributed \$22.91 million to the deposit account in 2008.

## OTHER FUNDS

94. The Treasury Department maintains separate accounts for the nine additional funds discussed below. The audit examination indicated that the computerised accounting records which pertain to these Funds are not regularly updated. As a result, the amounts reflected in the computerised records are often not reliable. For full and adequate disclosure of the activities of these Funds, separate statements of revenue and expenditure are required. Some of these are currently being produced and are included in the Treasury Statements as submitted.

## **Contingencies Fund**

95. Section 5 of the Public Finance Management Act 2004, provides for a Contingencies Fund to be financed by money appropriated from the Consolidated Fund. The Contingencies Fund is intended to meet any urgent and unforeseen need for expenditure for which no other provision exists. This Act also provides that the contingencies shall comprise of not more than one half percent of the total sum appropriated in an Appropriation Act for the relevant year.

- 96. The balance on the Contingencies Fund at the beginning of 2008 was \$172,000. The Budget provided for \$500,000 to be transferred from the Consolidated Fund. This was not done. During the year, five contingencies warrants totalling \$763,112.12 were issued and subsequently cleared either by the passing of the 2008 Budget or by supplementary appropriation. In addition, an outstanding contingency warrant from 2005 totalling \$28,000 was also cleared in 2008 resulting in an ending balance of \$200,000.
- 97. The receipts and payments shown on the Statement of Other Funds against this account are intended to represent the actual expenditure that was incurred and replenished under the warrants issued. These amounts may however, be inflated by correcting adjustments made to the account during the course of the year.
- 98. Previous legislation made provision for Contingencies Warrants to be cleared by way of supplementary estimates laid before the House of Assembly's next meeting following the date of the Contingencies Warrant. The Public Finance Management Act 2004 does not contain a similar provision for replenishing the Fund.

## **Transportation Network Improvement Fund**

- 99. The Transportation Network Improvement Fund was established under the Transportation Network (Land, Sea and Air) Improvement Fund Act 1992 and came into force on 1 October 1992. It is intended to be used for the purpose of "rebuilding and development of the major transportation network infrastructure of the Territory." The fund's revenue is made up almost exclusively of a fossil fuel surcharge collected by the Customs Department.
- 100. During the year the Fund recorded revenue of \$1,379,390, contributed \$1,150,000 to the Development Fund and made payments to vendors in the amount of \$423,812. At year end the balance on the Transportation Network Improvement Fund was \$1,669,213.

## **Emergency Disaster Fund**

- 101. The Emergency Disaster Fund was introduced into the budget by way of the 1996 Appropriation Act. The Disaster Management Act 2004, which came into force on 15 May 2004, stipulates that the Fund is to be used towards recovery efforts and the adoption and promotion of preventive measures before, during and after a disaster emergency. This Act also provides that, with prior approval of the Cabinet, the Fund may be applied towards assisting other countries or territories that have suffered disasters.
- 102. The Fund is financed primarily through appropriations authorised by the House of Assembly but the Disaster Management Act 2004 also provides for other revenue sources. These include donations, grants, loans and monies raised through activities organised for this purpose. During 2008, the Disaster Fund received a transfer of \$1,000,000 from the Consolidated Fund, and interest revenue of \$76,351. Expenditure of \$6,000 was incurred to clear debris after Hurricane Omar. At year end the balance on the Fund was \$4,382,776.

## Car Loan Revolving Fund

103. The balance of \$640,171 disclosed on the Statement of Assets and Liabilities for this Fund reflects the interest accrued on the advances issued to public servants for purchasing

personal vehicles. Currently, loan advances and repayment activity are reflected in the Advances account and only interest is paid into the Car Loan Revolving Fund. During the year the Fund received interest in the amount of \$28,884.

## **Pension Fund**

104. The Pension Fund was established in 2002 to provide a separate account from which Government pensions would eventually be paid. The intention at that time was to have the pension provisions for the Public Service reviewed and, with the advice of actuarial experts, implement an updated (possibly contributory) pension system that would be managed through this Fund. To date, this proposed new system has not been developed and pension payments have continued to be made from the Consolidated Fund. During the year, an amount of \$2,200,000 was transferred from the Consolidated Fund to the Pension Fund increasing the latter's balance from \$4,599,555 to \$6,799,555 at year end. No payments were made out of the Pension Fund. The total pensions payments made from the Consolidated Fund in 2008 was \$9,058,004.

## **Debt Service Fund**

105. The Debt Service Fund was introduced to secure a separate provision for repayment of loans in the Public Debt. This Fund received an initial contribution of \$100,000 from the Consolidated Fund in 2002 and has remained inactive ever since. Repayments of loans in the Public Debt continue to be made directly from the Consolidated Fund. During 2008 the interest and principal payments on the Public Debt totalled \$7,601,625.

## **Loan Revolving Fund**

106. This Fund was set up to replace the current system of providing loan assistance (Advances) to public service employees from the Consolidated Fund. An initial amount of \$100,000 was allocated in 2002 to establish the Fund. The balance has not changed, and there has been no activity since that time. Loans to Public Servants are discussed under Advances on Pages 23-24 of this Report.

## **Repairs and Renewal Fund**

107. The Repairs and Renewal Fund was established under section 9(1) of the Public Finance Management Act and is intended to "meet expenditure for the repair or renewal of public stores or other Government property." The Fund opened with a balance of \$400,000 in 2008 and received an additional \$200,000 from the Consolidated Fund during the year, bringing the total amount at year end to \$600,000.

## **Reserve Fund**

108. The initial framework for a Reserve Fund was introduced in the 2002 Annual Budget Estimates and subsequently legislated in sections 15 and 16 of the Public Finance Management Act 2004. This laid the ground work for the provision of a separate and distinct account into which resources could be appropriated outside of the Consolidated Fund to be used in the event that the Government should experience financial difficulties in the future. This Fund is intended to assist the Government in achieving continued long term stability.

109. The Public Finance Management Act 2004 makes provisions for the administration of the Fund but does not provide details (formulae or amount) for a minimum balance to be

maintained, or the circumstances through which withdrawals would be permitted. During 2008 the fund received \$1,000,000 from the Consolidated Fund and interest in the amount of \$33,621 was accrued on a certificate of deposit, thereby increasing the balance at year end to \$5,557,414.

## **SUSPENSE AMOUNT**

110. An unresolved amount of \$751,093 was added to account 1-12256 (Unreconciled G/L Difference) on the Statement of Other Advances. This increases the suspense amount from \$117,524 at the close of the previous year to \$868,671 at 31 December 2008. These amounts are unacceptable and greater effort is required to identify, resolve and remove the same from the accounts.

## **PUBLIC DEBT**

- 111. Records of the public debt are maintained by the Ministry of Finance and relevant information supplied by that Ministry and from the various lending agencies. The Statement of Public Debt is submitted by the Accountant General for audit examination.
- 112. As indicated by the Accountant General in a note to the Statements, the public debt is not included as an item on the Statement of Assets and Liabilities. The balance of \$72,008,782 outstanding at 31 December 2008 is disclosed separately in a Statement of Public Debt.
- 113. With the exception of the Port Development Loan, repayments on the loans which comprise the public debt are made from the Consolidated Fund under a recurrent expenditure budget provision controlled by the Financial Secretary. During 2008, principal and interest of \$3,499,990 and \$4,101,635 respectively were met from a provision of \$8,255,000. The BVI Port Authority made payments on the Port Development Loan of approximately \$271,853.

## STATUTORY AUTHORITIES AND TRUSTS

- 114. The financial statements of the British Virgin Islands Electricity Corporation, H Lavity Stoutt Community College and the British Virgin Islands Social Security Board were audited by accounting firms on behalf of the Auditor General.
- 115. The accounts of the Development Bank of the Virgin Islands are examined by an auditor appointed for this purpose by the Governor in accordance with Section 37 of the Development Bank of the Virgin Islands Ordinance, Chapter 100. Auditors for the Port Authority are appointed by the Authority with the approval of the Minister in accordance with the British Virgin Islands Ports Authority Act 1990.
- 116. Although independent auditors have been appointed for the BVI Tourist Board's 1998-2006 statements of accounts since February 2008, this audit is still incomplete and is being unreasonably impeded by the non-cooperation of the Board. At the time of writing, the status of the audits for the various boards and trusts were as shown in the schedule that follows.

|                                    | Last    |  |
|------------------------------------|---------|--|
| Statutory Authority or Board       | Audited | Comments                                 |
| BVI Electricity Corporation        | 2007    | 2008 being Finalised                     |
| BVI Health Authority               | -       | 2007 Statements complete but not Audited |
| BVI Port Authority                 | 2007    | 2008 Being Finalised                     |
| BVI Airport Authority              | 2006    | 2007 and 2008 Being Finalised            |
| BVI Recreation Trust               | 2005    | 2006 Being Audited                       |
| BVI Social Security Board          | 2008    | 2009 Being Audited                       |
| BVI Tourist Board                  | 1997    | 1998 - 2006 Being Audited                |
| National Bank of Virgin Islands    | 2009    | Accounts Up To Date                      |
| Telecommunication Regulatory Com.  | Nil     | 2008/2009 To Be Tendered                 |
| Financial Investigation Unit       | 2008    | 2009 Being Audited                       |
| Financial Services Commission      | 2008    | 2009 Audited                             |
| HL Stoutt Community College        | 2007    | 2008 Being Audited                       |
| National Parks Trust               | 2007    | 2008 Being Audited                       |
| Scholarship Trust Fund Board       | 2008    | Accounts Up To Date                      |
| V I Festival & Fairs Committee     | 2004    | 2005 - 2006 Being Audited                |
| Wickhams Cay Development Authority | 2006    | 2007 – 2008 Outstanding                  |

## **CONTINGENT LIABILITIES**

117. Loans negotiated with various lending agencies on behalf of Statutory Boards, Trust and other Government sponsored bodies are usually guaranteed by the Government. In the event that these entities are unable to meet their repayment obligations, the Government would be required to do so on their behalf. A list of the loans which comprise the Government's contingent liability at 31 December 2008 is provided in Appendix E.

## PUBLIC ACCOUNTS COMMITTEE

- 118. The Public Accounts Committee (PAC) is a Select Committee of the House of Assembly which is constituted under Standing Order No. 73 of the House of Assembly Rules. Its functions are:
  - a. to consider the accounts of Government in conjunction with the Auditor's Report;
  - b. to consider any Special Report submitted by the Auditor General under Section 20(3) of the Audit Act;
  - c. to report to the Legislative Council in the case of any excess or unauthorised expenditure of funds, the reason for such expenditure;
  - d. to report to the Legislative Council in the case of any shortfall of revenue, the reason for such shortfall;
  - e. to report to the Legislative Council any case of apparent extravagance or waste of public funds;
  - f. to propose any measure it considers necessary to ensure that public funds are properly brought to account and are economically spent.

- 119. The membership of the PAC during 2008 comprised of two opposition members of the House of Assembly, and two members of the Government side of the Legislature (Legislative Majority). In accordance with the provisions of the Standing Order, the Leader of the Opposition is Chairman of the Committee and the Auditor General advises the Committee. The Committee may summon any accounting officer/head of department or other public officer to give explanations. The PAC is required to issue a report on its findings at least once each year.
- 120. The membership of the Public Accounts Committee was changed following the territory's general election on 20 August 2007. The Committee has been active conducting investigations and reports are pending.

## **ACKNOWLEDGEMENTS**

121. I wish to express appreciation to members of my staff for their dedication and professionalism in performing their duties throughout the year and to the Accountant General and members of her staff for their valuable cooperation. I am also appreciative of those Accounting Officers and members of their staff who assisted through their cooperation.

AUDIT DEPARTMENT Road Town, Tortola Virgin Islands VG 1110

### Notes to Appendix F

- 1. Some of the Contractors' names and the project descriptions have been shortened in the interest of space.
- 2. Numbers preceded with an "A" denote that the executed document took the form of an agreement. These have the same binding properties as a contract.
- 3. Skipped numbers result where contracts were cancelled before distribution or implementation. In the case of PWD's agreements the skipped numbers are, in most cases, the result of combining Delta Petroleum (Caribbean) Ltd.'s Agreements (6, 7, 9, 12, 13, 20, 22, 24, 25, 26, 30, 31, 32, 36, 42, 44, 45, 46, 47, 49, 51, 54, 59, 61, 62, 64, 71, 72, 74 and 75).
- 4. ATTY Attorney General Chambers; AUD Audit Department; DE&C Department of Education and Culture; CBN Cabinet Office; FMU Facilities Management Unit; SDD Social Development Department; TRSY Treasury Department; W&S Water and Sewerage Department.
